INTRODUCTION

Kalanidhi has started a New Year once again. But new things begin only when previous end on a positive note. A dream comes true of Kalanidhi when each one of us like pearl string together to take it on heights. We are there to provide your child excellence in the subject but looks forward for your support & active participation throughout its journey.

Kalanidhi, a premiere institute imparting learning of Bharatanatyam, commenced its journey in 1999, with just a handful of students. Over the years, the institute earned an admirable reputation and now is a thriving school of over a hundred students, where learners pride themselves upon the high standard of dancing they aim to achieve.

The school emphasises adherence to the classicism of Bharatanatyam, ensuring training with a strong foundation firmly rooted in tradition and also get encouragement to pursue professional traits of an artist to sprout within.

The students receive training and instructions in both the practical and theoretical aspects required for appropriate presentation of traditional margam or repertoire of Bharatanatyam. The senior students also learn the art of nattuvangam and are given opportunity to conduct the classes for junior students.
